

REFLECTIVE SAFETY WEAR GEAR SA16A - FLUORESCENT LIME REFLECTIVE WAIST COAT

SA16A

Description

Dromex® SA16-LIME green, torso high visibility, reflective safety wear is intended to provide conspicuity of the wearer in any light condition when viewed by operators of vehicles or other mechanized equipment during daylight conditions and under illumination of headlights in the dark.

SA16-LIME features a full zip closure system, identity card holder on the left breast, and reflective tape on the waist, front and back of the jacket for enhanced visibility.

Occupational wearers of clothing with high-visibility features, include railway and highway workers, airport workers, emergency services or where workers are near moving vehicles or in dark areas.

Reflective safety wear is not intended as a workwear garment.

Specifications

Style:	High visibility, lime green, waist coat with zip closure and reflective tape
Materials:	100% polyester lime green knitted fabric
Fasteners:	Nylon zip
Reflective tape:	50mm silver glass bead

Packaging, Storage & Obsolescence

Dromex® SA16-LIME reflective wear is packed in individual plastic bags with 50 units per carton.

When not in use or during transportation, the reflective wear should be stored in a container such that it is out of direct sunlight and not in contact with any chemicals, liquids or sharp objects.

Store in a cool dry place.

The reflective wear useful life is affected by many factors including the cold, heat, chemicals, sunlight and misuse. Stored correctly, reflective waist coat should have a shelf life of 3 years.

Sizes Available

Small to 3XL.
